

**Kick-Off Meeting**  
**Wednesday, October 27, 2004**  
**4:00 pm to 6:00 pm**  
**Greenberg Traurig**  
**One International Place, 20<sup>th</sup> Floor**  
**Boston, MA 02110**

Please join the members of the Greater Boston nanotechnology community as we kick-off the inaugural meeting of the **Nano Technology & Business Forum**. Our first meeting will focus on exploring emerging nanoscale technologies, who's investing, and potential market opportunities.

Our speakers, Harvard and Seraphima Ventures, will share their insights on these topics, followed by an open discussion. The Forum will conclude with a networking mixer. We hope you will be able to join us for this inaugural event.

For more information about the Nano Technology and Business Forum, please contact Chinh H. Pham at [phamc@gtlaw.com](mailto:phamc@gtlaw.com) or 617-310-6239. You may RSVP via email to Debbie Gifford at [giffordd@gtlaw.com](mailto:giffordd@gtlaw.com).

Our Forum partners include:

**Nano  Technology &  
Business Forum™**

The **Nano.:Technology & Business Forum** is dedicated to the business of nanotechnology.

Founded by Greenberg Traurig to promote interaction between the nanotechnology community and those interested in the business of nanotechnology, the **Nano.:Technology & Business Forum** looks to foster relationships between emerging and established business ventures and the professionals critical to the growth and success of those ventures.

The **Nano.:Technology & Business Forum**, through a series of presentations and networking events, will bring together the academic community, industry experts, entrepreneurs, venture capitalists, and those working at the frontiers of nanotechnology to address the latest nanoscale technology, developments, and trends, and explore related commercial applications, and business opportunities.

Our first meeting is planned for October 27, 2004. For further information please contact Chinh Pham at [phamc@gtlaw.com](mailto:phamc@gtlaw.com).

Our Forum partners include:

**Seraphima  
Ventures**
